

14 October 2024

Dear Mr. Abdi,

On behalf of the Security Council Committee established pursuant to resolution 1718 (2006), I have the honour to refer to your letter dated 8 October 2024, informing the Committee that, despite its best efforts, UNICEF was unable to import all the items vital for UNICEF's operations in the DPRK focused on health, nutrition, and water, sanitation and hygiene (WASH), approved as part of the exemption granted to UNICEF on 14 October 2022 and extended until 9 October 2024, in accordance with paragraph 25 of resolution 2397 (2017), the majority of which were for delivering safe water supply to the communities, nurseries/kindergartens, schools and clinics/hospital. In this regard, UNICEF has requested a further extension of the previously granted exemption, for an exceptional 12 months, to complete the shipment of all of these items as soon as possible. UNICEF also noted that it would endeavor to ship the items to the DPRK in the shortest reasonable timeframe, and where possible, the items would also be shipped in a consolidated manner, to increase the efficiency of shipping and customs clearance.

I have the further honour to inform you that, following due consideration, the Committee has decided to approve the requested extension of the exemption until 14 October 2025, to complete the procurement and shipment of the relevant items outlined in the abovementioned letter, in accordance with paragraph 25 of resolution 2397 (2017).

The Committee would like to thank UNICEF for its diligence.

Yours sincerely,

(Signed)

Pascale Baeriswyl
Chair
Security Council Committee established
pursuant to resolution 1718 (2006)

Mr. Omar Abdi

Dear Mr. Abdi,

On behalf of the Security Council Committee established pursuant to resolution 1718 (2006), I have the honour to refer to your letter dated 3 October 2023, informing the Committee that, despite its best efforts, UNICEF was unable to import all the items vital for UNICEF's operations in the DPRK focused on health, nutrition, and water, sanitation and hygiene (WASH), approved as part of the exemption granted to UNICEF on 14 October 2022, in accordance with paragraph 25 of resolution 2397 (2017), the majority of which were for delivering safe water supply to the communities, nurseries/kindergartens, schools and clinics/hospital. In this regard, UNICEF has requested an extension of the previously granted exemption, for an exceptional 12 months, to complete the shipment of all of these items as soon as possible. UNICEF also noted that it would endeavor to ship the items to the DPRK in the shortest reasonable timeframe, and where possible, the items would also be shipped in a consolidated manner, to increase the efficiency of shipping and customs clearance.

I have the further honour to inform you that, following due consideration, the Committee has decided to approve the requested extension of the exemption until 9 October 2024, to complete the procurement and shipment of the relevant items outlined in the abovementioned letter, in accordance with paragraph 25 of resolution 2397 (2017).

The Committee would like to thank UNICEF for its diligence.

Yours sincerely,

[Signed]

14 October 2022

Dear Mr. Abdi,

On behalf of the Security Council Committee established pursuant to resolution 1718 (2006), I have the honour to refer to your letter dated 6 October 2022, requesting the Committee for an exemption, in accordance with paragraph 25 of Security Council resolution 2397 (2017), to engage in humanitarian activities in the Democratic People's Republic of Korea (DPRK), in particular to authorize the shipment of items vital for UNICEF's operations in the DPRK focused on health, nutrition, and water, sanitation and hygiene (WASH), the majority of which are for delivering safe water supply to the communities, nurseries/kindergartens, schools and clinics/hospitals. I also note your request for a 12-month timeframe for the exemption, due to the continued worldwide challenges related to the manufacturing and shipment of goods as a result of the COVID-19 pandemic.

I have the further honour to inform you that, following due consideration, the Committee has decided to approve the requested exemption in the abovementioned letter, in accordance with paragraph 25 of Security Council resolution 2397 (2017), to transfer the items and services outlined in your letter within the next 12 months, which is enclosed in this letter as an attachment. The items are requested to be shipped once together or in a consolidated manner, with a view to increasing efficiency of shipping and custom clearance.

The Committee reiterates that the sanctions measures imposed by the Security Council through its resolutions with respect to the DPRK are not intended to bear a negative impact on the people of the DPRK, and the note verbale it issued to all Member States, as well as its press release SC/13113 of 8 December 2017, offer clarifications as regards humanitarian aid to the DPRK. The note verbale further recalls that each Member State must fully implement relevant Security Council measures, while keeping in mind the need to clarify to public and private sector entities in their jurisdiction that, while properly implementing United Nations sanctions, humanitarian activities should not be unduly restricted.

The Committee further supports and approves UNICEF engaging in necessary business and financial transactions only for the purchase of goods and services exempted by the Committee and found in the attachment without prejudice to the relevant commercial decisions.

At the same time, the Committee requests relevant organizations delivering humanitarian assistance to the DPRK to adhere to the exemption time limit approved by the Committee and fully respect and abide by relevant national laws, regulations, and licensing requirements governing financial and commercial transactions, and shipping and custom clearance conducted in the jurisdictions of affected Member States.

Mr. Omar Abdi
Deputy Executive Director, Programmes
UNICEF

I wish to inform you that this letter and its annex will be published on the 1718 Committee website for the public, including relevant national authorities involved in reviewing the exempted transfers to the DPRK, for a period of 12 months.

The Committee would like to thank UNICEF for its diligence.

Yours sincerely,

(Signed)
